Filling in this form
You can complete this form on your computer or print and sign it. If you need to print this form ensure you:

- Use blue or black pen
- Print in BLOCK LETTERS
- Sign the prescriber declaration

If you need to request multiple items, from different equipment categories, ensure you submit the request forms together

Eligibility
An EnableNSW application form is required to assess a person's eligibility. A new application form is required every two years **OR** if the person's circumstances change. Application forms can be accessed online at www.enable.health.nsw.gov.au/for_individuals/applying-to-EnableNSW. If we do not have an application form at the time of reviewing this request, the request may go on hold and delay the outcome.

Important information before making this request
- You must be an eligible prescriber for this type of equipment **AND**,
- the equipment requested must meet the applicable funding criteria. You can read more about this at www.enable.health.nsw.gov.au/prescribers/forms
- You must include the relevant stock/contract code for the equipment you are requesting.
- If you are requesting an item not available through stock/contract you **must contact** the EnableNSW Clinical Advisor team before submitting the request

Equipment selection and trials
Standard stock equipment from the Equipment Allocation Program (EAP) is available **statewide** and does not require a trial before submitting a request, no matter where the person lives in NSW. If an item on the online catalogue has a green 'stock' banner, you can request this item without completing a trial with the person. All stock items will have a SKUID which you can add to section **F. Equipment recommendation**. All other self-care and mobility items that do not have a stock banner will require a trial.
